ST7000

SMALL. DISCREET. SOPHISTICATED.

THE COMMUNICATION NEEDS OF EXECUTIVES, CUSTOMER-FACING STAFF AND SENIOR OFFICERS IN OFFICE, AIRPORT, HOTEL AND CASINO ENVIRONMENTS ARE DRIVEN BY STYLE, AS WELL AS FUNCTION

**TO MAINTAIN THE
HIGHEST LEVEL OF
CUSTOMER SERVICE,
THESE PROFESSIONALS
NEED A DEVICE THAT
ALLOWS THEM TO KEEP
THEIR EYES UP AND
THEIR HANDS FREE**

Working closely with our customers, we uncovered their need for a communications tool that delivers a smartphone-like form factor, without the associated distractions. To maintain the highest level of customer service, these professionals need an intuitive, easy-to-use digital radio that delivers high quality audio, blends seamlessly with their image, and whose purpose is increasing productivity, not providing entertainment.

ST7000

SMALL TETRA RADIO

The ST7000 small TETRA radio exceeds these needs with its compact and elegant form, simple user interface and clear audio. With a hybrid internal and external antenna system, the ST7000 is discreet and fits easily in a pocket. The touch sensitive buttons, integrated Bluetooth® 4.0 wireless technology, reversible USB-C connector for charging, and 3.5mm audio connector make the ST7000 a flexible, modern TETRA radio.

THE ST7000 DELIVERS UNCOMPROMISING AUDIO QUALITY AND COVERAGE IN A SMALL, ELEGANT AND DISCREET FORM FACTOR IDEAL FOR CUSTOMER-FACING STAFF

The ST7000 provides customer-facing staff and senior officers with an effortless communications tool that allows them to increase productivity and keep their focus on what matters most - the customer or the situation and not the device.

FEATURES

- Small and elegant design
- Simple and intuitive user interface
- Vibrate alert and haptic feedback for discreet use
- White OLED screen with touch UI for easy navigation
- Loud and clear audio
- 3.5 mm audio connector for maximum accessory compatibility
- Reversible USB-C connector for flexible charging and programming
- Enhanced coverage with 1.8W transmit power
- Durable with IP54 and MIL-STD 810 F/G rating
- Long-life battery with up to 19 hours of use
- Integrated Bluetooth 4.0 wireless technology
- GPS, BeiDou and GLONASS for location services

SMALL AND ELEGANT

DISCREET STYLE

Customer-facing staff can now enjoy the benefit of clear and effective voice communications in a form factor as sophisticated as their professional attire. The ST7000 small TETRA radio provides uncompromising coverage with a hybrid internal and external antenna system, all in a compact, elegant, and discreet design. Small enough to fit in a pocket, the ST7000 practically disappears when worn.

SIMPLE CONTROLS

EASY TO USE

The ST7000 was designed for ease of use by combining the reliability of a two-way radio with the usability of a smartphone. Tactile keys are available for Push-to-Talk, volume, talkgroup and power control; a touch user interface controls the rest of the radio's functions. A simple press of the power key reveals an OLED display and touch zones on the front of the radio. The icons light up when selected, and haptic feedback is provided, simulating the feel and responsiveness of a physical keypad.

LOUD AND CLEAR AUDIO

UNCOMPROMISING QUALITY

The ST7000 delivers uncompromising audio quality and coverage despite its small and elegant form with low distortion, loud audio and 1.8W transmission power. An open speaker port and automatic gain control deliver clear audio against the loudest background noise.

**WITH AN ULTRA-SIMPLE
USER INTERFACE,
THE ST7000 IS AN
EASY-TO-USE
COMMUNICATION TOOL**

**AN IP54 RATING
AND UP TO 19
HOURS OF BATTERY
LIFE ENSURE
THE ST7000 IS
DESIGNED TO LAST**

FLEXIBLE CONNECTIVITY

MAXIMUM ACCESSORY COMPATIBILITY

A 3.5mm audio connector and a reversible USB-C connector for charging provide maximum flexibility in how you listen to and charge your radio. Choose Motorola accessories for guaranteed performance and remote Push-to-Talk, or your own off-the-shelf audio accessories for a full range of options. Charging on-the-go is convenient with the new, reversible, rugged USB-C connector. Integrated Bluetooth 4.0 wireless technology places a wide range of wireless accessories - audio headsets, Push-to-Talk buttons, smart devices, and more - at your disposal, providing greater flexibility and control of the ST7000.

DURABLE

DESIGNED TO LAST

The ST7000's durable design and long-life battery makes it easy to survive daily work-related challenges. It's certified to withstand dust, rain, shock and drops, with an IP54 and MIL-STD 810 F/G rating. With a battery life of up to 19 hours, your focus remains on the job, not the clock.

STYLE AND FUNCTION

The ST7000 small TETRA radio combines an elegant and discreet form, simple user interface and high quality audio.

ST7000 ACCESSORIES

Select from a variety of Motorola accessories designed, tested and certified to optimise the performance of your ST7000.

Integrated Bluetooth 4.0 wireless technology and a 3.5mm audio connector enable your ST7000 to work with consumer off-the-shelf audio accessories. However, for guaranteed audio quality, we suggest the use of Motorola certified accessories.

AUDIO ACCESSORIES

The following 3.5 mm earpieces have been tested and certified with the ST7000.

PMLN7508	3.5mm Earbud with Inline Microphone and Push-to-Talk
PMLN7509	3.5mm 2-Wire Earpiece with Translucent Tube

CARRY ACCESSORIES

Our carry accessories keep your hands free so you can concentrate on the task ahead.

PMLN7510	Carry Holster
PMLN7511	Carry Sling
AY000028A01	Lanyard
42015005001	Lanyard

PMLN7510

BATTERIES AND CHARGERS

IMPRES™ chargers provide the most accurate information on each battery in your fleet so you know they're fully charged and will last the entire shift. With IMPRES 2, you can charge your batteries up to two times faster and they can be re-charged 60% more times than a traditional Li-Ion battery. The Multi-Unit Charger is capable of charging 12 radios or 6 radios and 6 batteries simultaneously, and can be equipped with iTM for automatic radio programming.

PMNN4510	IMPRES 2 Li-Ion 2200 mAh Slim Battery
PMPN4121	IMPRES 2 Multi-Unit Charger with Euro Plug
PMPN4122	IMPRES 2 Multi-Unit Charger with UK Plug
PMPN4120	IMPRES 2 Multi-Unit Charger with US/Japan Plug
PS000150A22	USB-C Wall Charger Euro Plug
PS000150A23	USB-C Wall Charger UK Plug
PS000150A21	USB-C Wall Charger US/Japan Plug

Bluetooth Data Services	Serial Port Profile, Dial Up Networking Profile, Discovery Mode, Generic Access Profile, Generic Attributes Profile (GATT), Heart Rate Profile, Battery Service Profile, Devices Info Profile.

LOCATION SERVICES

Constellations Supported	GPS, BeiDou, GLONASS
Simultaneous Satellites	12
Tracking Sensitivity	Integrated External Antenna -163 dBm
Accuracy	< 5metre (50% probable) @ -130 dBm
Protocols	ETSI LIP, LRRP

*With 800 MHz Antenna, Radio Height is 122mm. With 380 - 430 MHz Antenna, Radio Height is 132mm

ST7000 SPECIFICATIONS

USER INTERFACE

Hard Keys

- High Tactility PTT
- Power / Wakeup Button
- Talkgroup Change Rocker Switch
- Volume up / down
- 2 Configurable One Touch Buttons, Extensive List of Functions

Touch User Interface

- Touch sensitive menu icons usable with gloves or in the rain
- Simplified user interface
- Menu editor, simplify and tailor to user needs

Display

- PMOLED 128 x 64 pixels, white

Simplified User Interface

- Favourite Talkgroups
- Favourite Contacts
- Bluetooth
- Radio Settings
- My Info
- Language Options

Advanced User Interface

- Talkgroups – TMO Folders, TMO Unique 10,000, TMO Instances 10,000
- Talkgroups – DMO Folders, DMO Groups, 2,000
- Country/Network Code List - up to 100, by contact or talkgroup
- Scan Lists - 40 lists of up to 20 groups
- Contacts - up to 1000 with 6 numbers per contact (max 2000 unique numbers)
- Fast/Flexible Call Set Up / Answer
- Multiple Ring Tones possible

Text & Status Messaging

- Status Messages sent from programmable button

SECURITY OPTIONS

- Enhanced Security - OTAR/DMO SCK**
- Authentication (Mutual)**
- Air Interface Encryption (ETSI / SPPG TEA Algorithms)**
- Security Class 1, 2, 3 and 3G support**
- End to End Encryption: Motorola CRYPTR micro Hardware Module, FIPS 140-2 Level 3 validated**
- BOS Smart Card support**
- Permanent Disable (ETSI, V2-Customer Restore)
- Temporary Disable (Stun)

DATA & MESSAGING SERVICES

- Secondary Control Channel
- ETSI and Enhanced AT Commands (including Voice Control and Short Data)
- TNP1 - Support simultaneous Packet Data and Short Data Services over PEI
- iTM Fleet Management (Remote Programming)
- Wi-Fi hardware ready

SERVICE FROM THE START FOR ST7000 ENSURING MAXIMUM PERFORMANCE TO MEET YOUR MISSION CRITICAL REQUIREMENTS

PROVEN PROTECTION

With our proven capability, you can be sure your equipment is expertly repaired and back in the hands of your users quickly. Using the latest tools and with strict adherence to Motorola engineering procedures, our expert technicians diagnose and repair units to original manufacturing specifications.

TECHNICAL EXPERTISE

Experienced technical support engineers work with you to diagnose and resolve hardware and software problems resulting in swift resolution of issues for your end users.

CUSTOMER SERVICE

A single source of support delivered through our state-of-the-art diagnostics equipment, repair tools, and an extensive inventory of replacement parts help us to provide expert repair on your TETRA terminals.

PEACE OF MIND

Our support programme protects your hardware investments from every angle, all designed to optimise device performance, minimise downtime and keep operations running smoothly and within budget.
